

## The Activities Team!

The job of the Activities Team is to make sure that everyone at Kairos has tons of fun at all of the exciting events, games, sports and competitions planned as part of the Activities programme at Kairos .

AS part of this we need some dedicated people who can join this team and help out with all of the following:

- Setting up the equipment and preparing for the activities during the day
- Arranging with the hosts of the morning sessions to go and do a notice about the Activities programme, highlighting some key events
- Working with the Site and Safety Team to make sure that everyone stays safe on all the activity equipment and has lots of fun
- Getting alongside the young people and encouraging them to get involved and have fun
- Tidying up at the end of all the activities and working with the Site and Safety Team to make sure that everything is ready for the next day
- De-briefing with your team at the end of each day

More than anything, we'd love for all our team members to be willing to get stuck in and help out in a variety of ways over the weekend, as we seek to host a great event for young people.
