

The After Hours team

The After Hours team runs the exciting events and activities which happen late into

the night after the main evening meeting. Whether it's hosting themed onesie nights, or re-creating Christmas, we're there to make sure that there's always tons of fun to be had.

As part of this we need some dedicated people who can join this team and help out with all of the following:

- Preparing for the After Hours games and activities during the day
- Arrange with the hosts of the morning sessions to go and do a notice about the evening programme, highlighting some key activities.
- Setting up the venue and working with the site team to make sure that all the equipment needed is ready for each activity in each venue.
- Getting alongside the young people and encouraging them to get involved and have fun
- Tidying up at the end of the night and working with the Site and Safety Team to make sure that the venue is ready for the next day.
- De-briefing with your team at the end of each night
