

# MINISTRY TEAM

The focus of the Ministry Team is to support the young people at Kairos spiritually, as they seek to meet with God over the course of the weekend.

As a member of the Ministry Team you will be involved in all of the following:

- Praying with young people during main meetings, as they respond to the speaker's message or other moves of God in their lives
- Praying with and talking to young people at other points during the weekend as appropriate
- Being available to attend the morning prayer meetings during the weekend
- De-briefing with the Ministry team leader at the end of each evening
- Praying for Kairos and the young people who attend before, during and after camp

Ideally you will be someone who:

- Is accepting and supportive of young people and their emotional and spiritual needs
- Serves in a similar way in the life of your church or has served in a similar way at other youth events
- Holds a valid DBS check

Unfortunately, we are not able to offer any ticket discounts to ministry team members. However, since team members are needed mostly during the main events, this may be a role that youth group leaders would wish to consider:
