

## The Site & Safety Team

The Site and Safety Team are here to make sure that everything at Kairos runs smoothly and that we all stay safe whilst on site. You'll see us running round in our high vis jackets doing all the various odd jobs necessary to keep everything working.

As part of this we need some dedicated people who can join this team and help out with all of the following:

- Setting up the site before Kairos begins – putting up tents, moving equipment, supplying power etc.
- Welcoming people as they arrive on site and helping them to set up and get settled in.
- Pointing campers in the right direction for all camp facilities and letting them know where they can find help when they need it.
- Being on hand in venues, and manning exits
- Setting up equipment needed for activities and events across the venues
- Working with the Tech Team to make sure all audio visual equipment is where it needs to be and set up correctly
- Keeping the site safe for everyone at all times
